

## Biogas Solutions

design, construction & service

PlanET Biogas Solutions Inc.  
26 Hiscott Street, Suite 201  
St. Catharines, Ontario  
L2R 1C6 (Canada)

Phone: 905-935-1969

Fax: 905-935-7878

www.planet-biogas.ca

Dear Client:

Thank you so much for your enquiry. In order to perform an economic feasibility calculation for a biogas installation we require some information about your operation. Please return the completely filled out information sheet to us. We will then perform a calculation for your biogas installation as quickly as possible. Your information will of course be dealt with confidentiality.

Date: \_\_\_\_\_

### Economical Feasibility

#### 1. Address

Name:	_____	Province/State:	_____
Street:	_____	Telephone:	_____
Postal Code:	_____	Fax:	_____
County:	_____	Cell Phone:	_____

#### 2. Manure

Number	Animal Type	Ranging in weight in kg	Manure Volume	Notes (access to pasture, secondary business, fed with liquid foods)

How much liquid manure is produced annually in the business? \_\_\_\_\_ m<sup>3</sup>

How much dry manure? \_\_\_\_\_ tonnes

Will you require additional manure storage in the future (not considering biogas installation)?

None  Yes, amount \_\_\_\_\_

**3. Existing Liquid Manure Storage/Manure Pits**

Type	Location	Volume in m <sup>3</sup>

**4. Area Under Cultivation**

Total area being worked/managed \_\_\_\_\_ ha,

Type of Crop	Hectares

**5. Co-Fermentation**

Are you considering adding off-farm materials?  Yes  No

Products	Annual Amounts

**6. Energy Situation**

Energy use of business in the previous years:

<b>Year</b>	<b>kW.h used</b>
2007	
2006	
2005	

Average heat use of the operation in the previous years:

<b>Usage location (ex. home, barns)</b>	<b>Amount/year (natural gas, heating oil)</b>	<b>Heating system (ex. hot water heat, gas heat)</b>

**7. Nutrient Management Plan**

Do you have an approved Nutrient Management Plan for your operation?     Yes     No

**8. Notes/Remarks**
